Charlie Lee Pleads Guilty

Monday was another day in court for Charlie Lee, the 37-year-old black man found innocent last year of the 1977 rape of a 17-year-old Elba white girl.

He was in court on a charge of robbery, stemming from the same incident, but pleaded guilty to a lesser charge of grand larceny. Circuit Judge Terry Butts sentenced him to two years in jail, credited him with the nine months and 27 days he had served awaiting trial, and then suspended the remaining year and two months after reaching an agreement with Assistant District Attorney Ken Hooks, who was prosecuting the case. A stipulation to the suspension of sentence was that Lee would leave the state and not re-enter Alabama for the duration of his original two-year sentence. Lee had indicated a desire to go to California.

Lee had been found in California in 1977 after a wide manhunt and some heated debate over police activities by Elba city officials.

Elba Man Charged In Death Of Wife

Johnny James Knighton, black man, age 29, is in the Coffee County jail charged with the beating death of his 21-year-old wife in the early morning hours Saturday.

Law officers say Knighton beat his wife, Merlene Musgrove Knighton, with a stick. She died about 8:30 Saturday morning in a Montgomery hospital where she had been rushed by a unit of the Elba Rescue Squad.

Chief Deputy Sheriff Ray Norris investigated the events, assisted by Auxiliary Deputy Bobby Boutwell. Norris gave the following account:

Knighton called him about 1 a.m. Saturday and said he couldn't find his wife and wanted to know if Norris knew where she was. Knighton had been an inmate in the Coffee County jail and was a trusty for some time.

Norris couldn't help Knighton at that time, but received another call about 3 a.m. and Knighton told Norris he had killed his wife, and told Norris to come get him at Curtis Seed and Feed.

About ten minutes later Knighton reportedly called Norris again and told Norris he was at the Elba Wood Products Woodyard at Danley Crossroads.

Sometime during this Knighton also called Reserve Deputy Boutwell. Both men went to the scene and found Knighton and his wife, with Mrs. Knighton lying on the ground.

The Elba Rescue Squad transported Mrs. Knighton to the Elba General Hospital and later to Montgomery. Norris and Boutwell placed Knighton in the county jail. He lacked only a few days completing his parole from his previous sentence, according to Norris.

May Is National Guard Month

Mayor Robert E. Folsom Proclaims the month of May as "National Guard Month" here in Elba. Battery "B" 2D Battalion, 117TH Field Artillery, the local National Guard unit here in Elba, Alabama has served this community, state, and nation for some sixty years with faithful service during local disasters, and in times of national security. During this month of May "National Guard Month", the National Guard 117TH Field Artillery will be having Open House and drilling. This is being done so

Saturday, 8:00 a.m. - 5:00 p.m. This will be done so as to invite all prior service members as well as new prospective members to go by the Armory and talk with qualified members of the unit about joining the Alabama National Guard in Elba.

Also during this "National Guard Month" all prospective members and citizens are invited to go by the National Guard Armory May 20th, when Battery "B" 2D Battalion 117TH Field Artillery will be having Open House and drilling. This is being done so

that the public may see and talk to local guardsmen while they are on drill status. Since the National Guard has been authorized the "\$1,500.00 Enlistment Bonus" Educational Assistance Bonus" thru June 15th for qualified personnel who join the National Guard, and have never served in any branch of the armed forces before, this will be a main topic of discussion during your visit to the National Guard Armory during this "National Guard Month".

Post Office Openings Announced

Postmaster R. L. Cooper has announced that an examination to fill the position of Sub Rural Carrier of Record will be open to application in Elba from May 11 through May 24, 1979, and urged all those interested to apply to the job-related test that can lead to postal employment.

"I anticipate approximately two vacancies will occur in the next two years, and they will be filled from the job register. We need qualified applicants who will be willing to accept employment, and we want to offer people in the community the chance to compete by signing up for and taking the examination." The beginning salary is \$35.13 per day. Sub Rural carriers deliver the mail on the rural routes during the absence of the full-time Rural Carrier. Such absences may occur as the result of illness and other reasons. A safe driving record is required.

Postmaster Cooper explained that additional information and application forms may be obtained from the Elba Post Office during period May 11 through May 24, 1979.

Shirley Goodson Bags \$308.08 In Groceries During 5-Minute Shopping Spree

Mrs. Shirley Goodson, of Route 1, New Brockton, won the 5-minute shopping spree raffled-off by the Elba High Band at last weekend's "Band Day" festivities, and Tuesday afternoon sped up and down the aisles of a local grocery collecting her winnings.

While Bill Bullard, president of the Band Boosters, counted down the minutes on a stop-watch, Mrs. Goodson filled three shopping carts with a wide variety of goods. When the contents of the carts were totaled, it was discovered that Mrs. Goodson had run up a bill of \$308.08!

The band collected a total of \$792 in chances on the shopping spree, making the event a \$483.92 money maker.

Wayne Adcock Caught In Texas

Wayne Adcock, a resident of Coffee County, has been arrested in Corpus Christi, Texas, on charges stemming from an armed robbery conviction in Covington County.

Adcock, in his early twenties, was convicted of the armed robbery of a store in Opp, and was placed on probation. His probation was recently revoked and he was ordered to serve 60-days in the Covington County Jail, in Andalusia. However, Adcock failed to appear to serve the sentence and additional charges were filed. Authorities in Texas arrested Adcock, and he is now awaiting extradition to Covington County.

The Coffee County Sheriff's Department is holding a warrant against Adcock for auto theft, pending Grand Jury action.

Correction

Last week this newspaper reported the prices on the purchase of two riding lawn mowers by the City of Elba. The prices in the article were reversed. The correct figures were: Thorn and Walden \$282, and Town & County \$229.55.

Whew! Mrs. Shirley Goodson catches her breath after finishing the shopping spree.

Big Bear employees total the prices of the groceries.

Bagboys fill-up Mrs. Goodson's truck with a load of groceries.

BRAINSTORMS

With Fern Cox

The lines at the gas stations in California are making the news this week. However, if you notice many of the pictures show people filling old oil barrels, jugs, trash cans, etc. just because they have heard the gas is going to be short. This action makes the gas shorter and could very well lead to a sharp increase in house fires (from the stored gasoline) and/or wasted fuel as the evaporators or is poured out as the novelty wears off the idea. Locally we should be able to get enough gas this summer, that is if we don't go off the deep end and our neighbors in California have done. The thing that will cut down my gas buying more than anything else is the continuing increase in price.

My plans to take the honors at the cub scout fishing competition Saturday ran afoul of some expert fishermen and much to my son's disappointment, someone else won all five prizes, the biggest fish and four most pounds catches. There were surprisingly few fish caught for such a pond and all the books in the water. If properly spaced there is no doubt in my mind the fishermen (and women) could have snagged every fish in the lake!

A black citizen of Elba (that I had considered my friend) indicated last week he was going to round up a KKK and parade me around Elba in much the same fashion of the young man in Decatur who was beaten and shot recently in what turned out to be him yielding to a dare after having a drink or two. Now it sure was nice to see my friend (or former friend) smile as he made his threats, cause my experience with him has been that if he told me something, he tries to live up to his word.

We don't like the proposal of Governor James to increase the members of the Public Service Commission with appointed members. The new appointees would be a majority and thus the Governor would control. We opposed this idea several years ago, as well as the one by Lt. Governor Beasley to have one energy czar appointed. Experts paid by the legislature have discovered that the best PSC groups in the nation have a few elected members and a large staff of experts on the payroll to counter the paid experts of the regulated utilities. We hope the members of the legislature listen to the experts this time and ignore the political ploy.

Band Day was a success Saturday and we can say "as usual" because we don't know of a single year when it failed to raise the necessary funds. Saturday morning we noticed a bunch of parents working for the band but at one time stood back and marveled at the tremendous sacrifice made each year by the local radio station WELB. Selling advertising space in the blood of a radio station as advertising space is to a newspaper. However every year, without fail, Doug Holderfield and his staff give not only the hours and hours of air time to the band, but set up their remote facilities, at their expense, and lend their expertise to broadcasting the activities. Doug has been honored by the band and by the band parents in years past and I am sure he appreciates this, yet we feel the continuing devotion deserves a little more, like maybe a word of thanks from folks who are not band booster officers but appreciate his efforts. A word of thanks or a short note in the mail would not be overdoing it!

The proposal to allow Henry County residents to vote on a dog racing track is beginning to cause trouble in Coffee County. Senator Mike Weeks of Troy, who represents the Northern third of Coffee, has reportedly stated he will block all legislation in Coffee, Pike, Barbour, Houston and Henry counties plus others until someone gets on the back of Senator Chip Bailey of Dothan and gets him to allow the dog racing bill out of committee.

Representative Cecil Wyatt of Montgomery County (he lives in Ramer) has a policy we like. When he plans to introduce a bill in the legislature, he first appears before the local county commission and discusses the bill with them. This way they are aware of what is happening and being politicians are grateful that Wyatt doesn't let them hear what is happening from their citizens. In years past there have been some problems in Coffee County from this lack of knowledge and maybe Wyatt, a Coffee County native, has benefited from such past problems.

Mayor Folsom is getting some praise for the activities going on at the Pea River dam. Apparently everyone needs to ride down to stay away until he gives the OK. He didn't say anyone couldn't go, just yep ole editor, so we urge you to observe something good happening.

One of the ladies in our office got chewed out last week by an unknown caller because we didn't write up a car accident outside the city limits where no one was hurt. Actually, we didn't know anything except that Elba policeman James Spurlin wrecked his car, he was alone and not hospitalized. Police and Highway Patrolmen don't usually call us unless there are injuries or some insurance company wants pictures and there is surely no conspiracy to "cover up" an accident. The lady reportedly said her son's accident was all over the front page. We will not know who she was nor who her son is we can't say any more than Spurlin totaled his car, has bought another, went to work the next day and was not charged with any crime and it was on the Elba-New Brockton highway, outside the city limits.

LETTER TO THE EDITOR

ONE MOTHER'S POINT OF VIEW

I simply cannot help but say that a few children are on my mind. I love children! I always have, I always will.

It distresses me to see the little ones miss so much in that awesome condition that we call "growing up" - children, to mind, do not need every "it" to see them go through the simple process of evolution will take care of that. I would like to see them go through that period in childhood when their innocence is not tampered with. That is their birthright!

Views From THE PRESSBOX

With Ricky Mulzar, Sports Editor

The annual Athletic Banquet will be held next week, and the event will honor all the student-athletes at Elba High. I've been trying to figure out who will get some of the awards, but I am having a hard time. The football team had a lot of stars, and to pick the top players will be an almost impossible task.

The banquet is open to all fans, and I urge everyone to call and make your reservations. The athletes deserve to be honored, so honor them with your presence.

Anybody got any light bulbs? The Elba Recreation Department could use some. I checked the fields Monday and found out that the City needs to install new bulbs. At the women's field, a total of 9 bulbs are blown, while at Legion Field, there are 15 blown. The park at Legion Field is lit pretty well, because there are still 78 bulbs that work. However, only 30 lights work at the women's park, which means it is dark in several spots. Maybe the City can find some new bulbs and help the lighting problem at the fields.

While I'm talking about ball parks -- a lot of work needs to be done on the women's park behind the school. There is only one set of bleachers at the field, which means most people have to stand up. Also, the backdrop is in terrible shape, and it looks like the screen hasn't been repaired in 10 years. I know our Recreation Director has been busy ever since he took the job, but there are still some places that need work -- bad!

What started out last year as a 16-team softball tournament has suddenly grown to a weekend of sports! On June 15 & 16, the City of Elba will host several thousand sports enthusiasts, as the biggest happening of the year takes place. So far, plans include a 16-team men's softball tournament, a 16-team women's softball tournament, a model airplane show, an arts and crafts exhibit, an archery contest and much more. Get ready, folks, it's coming on June 15 & 16!

Got to go . . .

Road Race Set For Dothan

Open to women runners of all ages and abilities, the run is being sponsored by United Federal Savings and Loan Association and hosted by the Dothan Runners Club.

Elba Baseballers End Season With 5-6 Record

The Elba High baseball team closed out its season last week by losing to Andalusia 12-10 and Troy 12-1. The Tigers ended the season with a record of 5 wins and 6 losses.

Andalusia 12-10
Elba 0-6

Andalusia poured across 12 runs in the third inning to bury the Tigers 12-0, in Andy. Elba's batters were completely baffled by the Andalusia pitching staff, and managed only 1 baserunner the entire game.

Andy opened the third inning with 5 straight hits, then following 2 walks, added 3 more hits and used 3 Elba

players to pull away for the win. Troy 12-10-4
Elba 1-1-1

The powerful Troy Trojans came to town for the season finale and left with a solid 12-1 win. Troy, the Region 2 champs, jumped ahead 5-0 early in the game and re-

mained in control to chalk up the victory. Elba scored in the third inning to break a long scoring drought, but it was the Tigers' only run of the game in the inning. Perry Fuller struck out, but reached first when the ball got away from the catcher. Marler and Hamm then walk-

ed to lead the bases, and

Fuller scored when a Troy infielder booted a grounder. David Suttley lined a single to left field for Elba's only hit. Final statistics show that Carl Hamm led the Tigers in batting with a fine .361 average. Dennis Smith and Perry Fuller finished in second with identical .333 averages, followed by Gary Bradshaw (.290), Marry Marler (.270), Danny Baxley (.235) and Freddie Thomas (.231).

Dennis Smith had 20 runs-batted-in to lead the team, while Carl Hamm followed with 12 rbi's. Hamm led the Tigers in doubles with 4, while Marler, Ham, Smith and Baxley all got 2 home runs.

Anyone wishing to attend should contact Wayne Marler or Elba High School by Friday, May 11.

Basketball Banquet Held

By Jan Sanders and Patty Flowers

On April 28, 1979 Zion Chapel basketball and volleyball teams and cheerleaders were honored with a banquet given by Coaches Mike Lindsey and David Collins and Cheerleader Sponsor Pat Powell.

It was a "cockout" banquet given at Mrs. Powell's house. She served hamburgers and potato chips.

Afterwards volleyball and basketball certificates were awarded to the players. The cheerleaders were then recognized and awarded with a megaphone charm.

The Senior Cheerleaders received senior awards. Awards were then given to the varsity players.

Steve Downing received a Varsity Award and Most Valuable Player Award. Ray Marler received a Senior Award.

FFA Elects Officers Recently

The officers to serve the Zion Chapel Chapter of the Future Farmers of America during the 1979-80 school year are:

President - Mitch Maddox; Vice-President - Ricky Dorman; Secretary - Donnie Davis (Not pictured); Treasurer - Scott Costner; Reporter - Luke Maddox; and Sentinel - Willie Bess.

Goodbye.....

I want to badly to let you go. I want to see you free. I want to see you happy and joyful.

But most of all without me. I want for you to walk all alone. And never talk to me on the telephone.

I know you need your other friends. And because I see this. We must end. The love we shared was really great. But the troubles we had. Were too much to take.

You're my best friend. And the greatest guy I ever knew. And that means a lot. 'Cause there were more than a few. My love for you doesn't end. Because I will always and forever hold you in my heart.

I must let you go now. I must say good-bye. I can see the tear. But please don't cry.

I will remember you always. And I hope you will. I'll always remember you. And the love that you brought.

So here I am without you. Trying to live it down. But I just can't forget the fool I've been. And the fool I still am now.

Guess Who?

At Cedric's you will find this sophomore quite handy! He's a great guy and very fine of course his name is..... Guess who???

You weren't honest when you said you loved me. 'Cause I know now if you loved me I wouldn't be all alone.

I thought I couldn't love you. But my heart broke all the rules. And it seems you used all the love I had. To play me for a fool.

I was wrapped around your finger. With strings tied to my heart. And you kept on pulling tighter. Till you broke it all apart.

So here I am without you. Trying to live it down. But I just can't forget the fool I've been. And the fool I still am now.

Rebel 80 Begins Advertising Campaign

The members of the REBEL 80 advertising staff began selling ads last week to insure the publication of yet another great yearbook. The twelve

members of the staff along with Mrs. Joyce Flowers, Mrs. Betty Rugg, and Mrs. Barbara Ellis, as cheerleaders, had a very successful day.

We would like to take this opportunity to thank those merchants and businesses that bought ads from us for their support. Without you we could not have a yearbook. Our yearbook is very important to us and we look forward to getting it back every year.

We would also like to thank Mrs. Flowers, Mrs. Rugg, and Mrs. Ellis for being cheerleaders. We believe they are indeed our friends.

The report from the Tolu, Zo which states that many of the people in the area are coming down with diseases that were once only known to affect men. It is quite astonishing. Some of the diseases are: Diabetes, tooth decay and gastric disorders. The measures being taken to help the animals are simple. Make the animals take more exercise. Cut down on sweets and high fat foods. The snog, well, there is not much they can do about that, but they are working on it.

My health is our business. Keep yourself physically fit - when your doctor prescribes medication, see us.

SENIOR SPOTLIGHT

Our Sr. Citizen this week is a gentleman widely known and loved in and around this area, and especially in the Newbie Community, having been born there some 92 years ago, to a couple by the name of Elias Doner Bryan and Jane King Bryan. His name is E. L. Bryan, and his exact birthday is June 15, 1887; and two weeks after his birth, he, along with his parents and an older brother, moved to the family homeplace in the Newbie Community, where Mr. Bryan lived until he was admitted to the Elba Nursing Home on March 1, 1977 - quite an unusual feat, for someone to live all his life in the same town or community in which he was born; but, especially in view of the fact that he lived there CONSTANTLY - having never moved, away to come "back home."

Later, after the move to the family homeplace, which is still standing and remains in the family, four more children were born to Mr. and Mrs. Bryan, making the total four boys and two girls.

"Papa," as he is affectionately called by his family, many friends and acquaintances, is the patriarch of a large family, all of whom still live in and around the Elba area, and he always joked and laughed about running through the barn, holding "Whoa, whoa!" You can readily see that he had more experience driving his team of mules or a wagon, rather than "Tin Mary Agnes Cook, Mildred Kemp and Marlene Nelson. From these 10 children, one of whom is deceased, he is the grandfather of 24 grandchildren (4 of whom are deceased), the great-grandfather of 53 great-grandchildren (one of whom is deceased), and the great-great-grandfather of at least 4 or 5 (maybe even more) great-great-grandchildren. As "Papa" would say, with a

twinkle in his eye and a chuckle, "That's too many for me to keep up with!"

When his grandchildren came to visit him, he'd holler teasingly to them, "Come here, you little devil!" He did love his grandchildren. He was married to the former Ethel Sasser of Newbie Community for 50 years. Upon her death, he married Magale King, who passed away in 1979 in a Livers Nursing Home.

He farmed all his life, until, in the 50's he began working with the County Road Department, where he worked for 23 years before he retired. When we say he "retired," we say it with tongue-in-cheek, for "Papa" was just as busy as ever - putting around his home and yard, and especially his vegetable garden. He loved fresh vegetables, and he believed in having his regular garden every year. "Come here, you little devil!" He had a garden, producing enough for himself to eat and freeze, and to give to the numerous children and grandchildren when they came to visit, plus supplying the neighborhood with fresh vegetables as well.

"Papa's" only experience in driving was the Model T Ford and he always joked and laughed about running through the barn, holding "Whoa, whoa!" Our Business Is People - People Just Like You!

THE ELBA CLIPPER tries to perform an impossible task, trying to be almost all things to almost all people.

Not even the best newspapers achieve that goal; but they try, within the limits of their resources.

It is a formidable challenge:

--To report, accurately and fully, yet concisely, the news of the day at the local, state, national and international levels.

--To entertain, with socials, school news and sports reporting.

--To provide a forum for discussion of public

issues.

--To act as the consumers' friend, the home-makers' advisor and counselor, the buyers' guide, the sellers' marketplace, the voters' source of information on candidates and issues.

--To be the community's "bulletin board."

--To comment, honestly, forthrightly, courageously and knowledgeably, on the important topics of the day.

Your ELBA CLIPPER works for you. It is your window to the world, your servant, your friend, your counselor, and your way of voicing your opinions to a wide audience.

No other enterprise can make that statement.

ALL AROUND COFFEE COUNTY

County Farm Agent

TOM CASADY

NEW VARIETY

A new pearlmillet variety named Tiffel 1 has been developed and released. Tiffel 1 is a dwarf hybrid which has large leaves and a short stalk. It has a higher leaf to stem ratio than other pearlmillet varieties. Tiffel 1 appears to be the highest quality pearlmillet variety available at this time. In grazing trials the average daily gains obtained with this variety have been quite a bit better than those normally obtained with some annual grasses.

Coffee County hog producers, dairymen and cattle producers may want to try some Tiffel 1 to see how it performs on your farm. The seed are limited. However, you may be able to get some to compare it with other pearlmillets.

GRAFTING PECANS

Would you like to learn how to graft pecans and other fruits? Coffee County people will have a rare opportunity to learn how to actually do this on Thursday night, May 10, at the Extension office in New Brockton. Dr. T. B. Hagler, probably the South's leading expert in pecan production, will give a grafting demonstration.

This meeting is open to the public. Those who attend are requested to bring a sharp pocketknife and a small tack hammer if you have one. These two items of equipment are needed in learning how to graft. Dr. Hagler will have the necessary wood and other supplies. There is no charge for this program. If you have additional questions about this, call the Extension office at 894-5596.

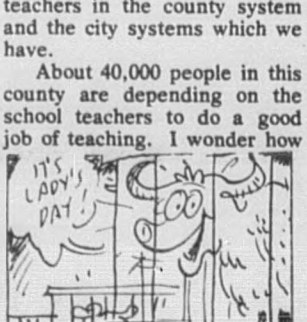

ELBA 4-H RALLY

The Elba Annual 4-H Rally held their annual 4-H Rally in the football stadium. They had a beautiful day and a splendid time.

While attending the 4-H rally, I was reminded of how impressed I am with the young people that we have in this county. Of course, parents are responsible for the development of their children, and they are also responsible for providing a home and the child's needs. But the teachers in the county system and the city systems which we have.

About 40,000 people in this county are depending on the school teachers to do a good job of teaching. I wonder how many of them are doing it?

In Saudi Arabian zoos, men and women are admitted on alternate days.

many parents and others in this county appreciate what the classroom teacher is doing. Not very many people are willing to go through the mental strain necessary to teach school day after day for 9 months. Yes, the classroom teachers in this county are superior people. I am proud of them, and I appreciate what they are doing for the school children.

MONEY BEES

P. F. Johnson, with the Department of Agriculture and Industries, is very interested in helping bee producers in Coffee County. He has information on having bees registered and inspected, directions for treating bees, and other rules and regulations which apply to bees.

If you would like to get Johnson to inspect your bees and to bring you up to date on the beekeeping industry, call me at 894-5596 and I will notify Mr. Johnson.

AZALEAS

At this time almost all azaleas have finished blooming. This is the time that we recommend that they be fertilized. Many people ask me how much fertilizer to put around azaleas and what kind. This can be best determined by sending soil samples to the laboratory at Auburn. The laboratory will give you recommendations which will be good for three years. This is a lot of information on azaleas. Just call us or write the extension office in New Brockton.

APHIDS

During the cool weather I have noticed a lot of aphids on field peas. They are small, soft-bodied insects varying in color. Liquid Malathion in the spray form is very effective in controlling them. Actually, as it turns warmer aphids will be much easier to control.
